Dates 2026

TCM:

The TCM Events are part of a TCM educational program offered at Shaolin Temple Europe over a period of approximately three years, divided into 16 modules.

The various events are designed to be progressive in terms of subject matter, but they are also an excellent way to get an idea of the program and an insight into the subject of TCM.

This means that you can book these events independently of each other, but should bear in mind that their content builds on each other. So feel free to come and have a look and decide whether we have sparked your interest in the education program, or simply take away your first impressions of the diverse fields of Traditional Chinese Medicine (TCM).

Welcome to Shaolin Boot Camp:

This year, we are offering a total of 12 Shaolin Boot Camp workshops, divided into 2 groups of 6 theme-based workshops each.

Train directly under Master Shi Heng Zheng.

It is a discipline camp designed to:

- Overcome your limits
- Sharpen your body and mind
- Awaken the Shaolin warrior within you

You will be tested physically, mentally, and spiritually.

“The way of Shaolin is the way of overcoming weakness—in the body, in the mind, in the soul.”

This camp is an inner and outer journey:

- Open your organs
- Train your body
- Train your soul

Through traditional Shaolin exercises, you will cultivate energy, structure, and clarity.

When you book a boot camp bundle consisting of 3 Shaolin boot camp workshops, you will receive a 20% discount. It is also possible to book the entire boot camp program. Please contact us by email if you would like to do so.

Insight into the Self:

„The foundation of inner practice“

For 1 year now, there is also the possibility to participate in the 12-month Self-Mastery Online Course. This course deals with essential topics and practices, such as the internal arts of Shaolin, as well as the less popular Wu Gong practices, e.g. Luohan Gong, the Buddhist Mantra Qi Gong: Shu Jing Gong or the tradition-rich Wu Xing Quan practice from the Xinyi Kung Fu of the Dai family. The willingness to learn is crucial to progress in the practice, therefore the own learning speed can be adjusted as the videos in this course can be retrieved and viewed at any time after successful activation.

Since this program was originally intended for all people who do not have the immediate opportunity to visit our monastery, we have published this program primarily in English. We are already working on an option for the German-speaking Shaolin enthusiasts.

General information about Temple Experience, a retreat, or a workshop:

The workshops, retreats, and temple experiences are taught in both German and English.

Accommodation at Shaolin Temple Europe or in the associated guest house in Otterberg is generally in shared rooms and separated by gender. There is no gender prioritization with regard to our offers.

The arrival and departure times are listed in your booking confirmation.

We have several masters, teachers, and trainers who often lead or conduct training sessions together or alternately.

We would like to point out that during your stay at Shaolin Temple Europe, you will be in a Buddhist temple where Buddhist ceremonies are held, which you are welcome to attend.

We expect our guests to behave appropriately in the temple environment, as is customary in comparable religious places, such as a church, synagogue, mosque, etc., in accordance with local customs and traditions.

We will be happy to explain this to you during your stay.

Additional option regarding participation in our retreats:

In the event that all our accommodation options within the temple are exhausted, we would still like to offer you the opportunity to participate in a retreat by organizing alternative accommodation yourself.

This could be a hotel or a vacation apartment, for example.

You will experience the full retreat as booked, only your overnight stay will be outside Shaolin Temple Europe.

In the case of a retreat, the retreat environment, such as Shaolin Temple Europe, is part of the booked arrangement.

What distinguishes a retreat from a workshop?

In the case of a workshop, accommodation and catering are not part of the event.

Please also note the information in the “Remarks” column of the schedule overview.

If you would like to stay overnight outside of Shaolin Temple Europe, please indicate this in the comments field of the registration form.

Please also note that we do not currently offer a transfer service from the local train station to the temple.

Thank you for your understanding.
